

UTAH GIRL HONORED

Miss Rose Hartwell Meets With Deserved Success.

HER PICTURE ACCEPTED

IS GIVEN A PLACE IN PARIS SALON.

Work Has Been Greatly Admired By All Who Have Seen It—Artist Consulted No One About Her Plans and Won on Her Merit Alone and Single-handed.

The good news comes from Paris that another of Utah's talented daughters has earned distinction. Miss Rose Hartwell, a sister of Mrs. Edwin Kimball, who went to Paris some few years ago to study art, and who, during that time, has worked faithfully at the Julian school, has recently sent a portrait to the salon and was so fortunate as to have it accepted.

Miss Hartwell has ever been severe in her judgment of her ability and, be-

Miss Rose Hartwell.

cause of this and her unwillingness to give anything short of her best, she has chosen to work and to wait until her work should reach her own high ideal. She has, therefore, never sent a picture for exhibition until now, when, urged by her friends, she tried and was not found wanting.

Much credit is due her for the work in which she set about her task. The work was done independent of any school or professor, no one saw the picture and so she had not the benefit of criticism. Rather than send through or be recommended by Mons. Julian or his professors, as is customary, she determined to get in on her own merit or not at all.

She said nothing to any one until after the picture was accepted, when the news created something of a mild sensation at the studio, especially among the professors, who usually take an active part in such matters.

Miss Hartwell is to be congratulated too, on getting in at this time when hundreds of pictures are being rejected because of lack of space.

Her many friends will be glad to learn of her deserved success.

The New Hotel.

The praise and commendation of discriminating traveling men is always valuable and influential. It is this class always in the majority at Don Porter's new hotel, "The Kenyon," who do not qualify or abridge the pleasant or complimentary things they have to say of this particularly "nice" new hotel.

Cigars at a Sacrifice.

Having bought the entire Dittman bankrupt stock of cigars, consisting of a very fine line of clear Havana, and the best of the "Golden Rule" brand, I offer them at considerable less than manufacturer's cost, either single, by the box, or in larger quantities. Come early.

Handsome Tailor-made Gowns.

Ladies who wish the latest styles in tailor-made gowns, and find it to their advantage to call on our representative, room 47, "The Halls," corner State and Third South, who will show a handsome line of samples for Spring and Summer wear, also silk linings, etc. Our gowns are made to order and fit guaranteed. The National Cloak Co., New York.

Easter Opening.

Perhaps one of the most notable anti-Easter events in the city was the opening of the Hirschman Shoe company in this city yesterday. The store has been completely renovated since its close and presents a neat and entire changed appearance, while the stock displayed is all spruce and span—entirely new. In ladies' shoes they carry such well known makes as Krippendorf, Dittman and Thomas G. Plant. In misses' and children's wear P. Cox of Rochester, Williams and Hoyt of Rochester and Buddie of Burlington, New Jersey. In men's goods the best line of the justly celebrated Florshims of Chicago and Rice & Hutchins' medium priced goods for men and boys. We bespeak for them the patronage of a fastidious public, who are looking for something in the shoe line up to date and reliable.

The heavy rain storm of the past few days has increased the water damage to Frie's stock and every article will have to go before removal. See the advertisement.

MARSHALL IS KILLED

Suspected Murderer Placed Under \$1,500 Bond.

CHARGED WITH ASSAULT

BUTTE OFFICER FAILS TO SHOW UP.

No Word Was Received From the Montana City Yesterday, But Local Officials Think a Policeman is on the way to Salt Lake to Look at Suspect.

Ed Mac'hall, the bad man who hit W. C. E. as it is said with a gun, during the killing chase by Deputy Sheriff Harries on Thursday, was arraigned before Justice Sommer yesterday.

He was charged with assault with a deadly weapon. When asked to plead Marshall wanted to compromise the matter. He said that he would plead guilty to having struck Holmes with a whip. But, he declared that he did not intend to turn himself in and was taken to jail, where he will remain until his examination at 2 o'clock on Wednesday.

Officer Didn't Come.

All day yesterday the police looked for the officer from Butte who was expected to identify Marshall as the murderer of the wife of a saloon keeper. He failed to appear in appearance, however. It is thought by the police and the sheriff's office that he will arrive here today.

In the expected identification is made the charge pending here against Marshall will be dismissed and he will be taken back to Montana to stand trial for the more serious offense. No word was received from Butte yesterday and from this it is thought that the officer from there must be on his way to Salt Lake.

GOVERNORS TO MEET

Conference on Arid Lands For Wednesday

BIG MEETING ASSURED

MANY EXECUTIVES WILL BE ON HAND.

Are Interested in the Land Question Which Is to Be Discussed by Them During Their Day's Session at the Knutsford-Entertainment Is to Be Provided by Gov. Wells.

The conference of governors of western states which has at two different times been scheduled to meet in this city to discuss the arid land question will convene at the Knutsford hotel on Wednesday. Besides Governor Wells, there will be present Governors Richards of Wyoming, Lee of South Dakota, Smith of Montana, Poynter of Nebraska. Governor Thomas of Colorado is in Butte and will endeavor to conclude his law business in time to come.

Governor Steunenberg of Idaho writes that he has been so long away from his state that he fears he cannot spare the time to attend the conference, much as he is interested in its purpose. California's executive has not been heard from yet, and no word has come from the governor of New Mexico, who is now traveling on the coast. Governor Murphy of Arizona will endeavor to meet with his fellows in Salt Lake City on this important occasion, and Nevada's executive will be here also, either in spirit of person. The governor of Oregon cannot come, but Washington will have a representative here by proxy.

Credit Due Richards.

When the governors of the several states met in Washington, D. C., last December, it was agreed that the arid land conference should be held in Salt Lake April 18. To Governor Richards is due much of the credit for the efforts to be made in union by the western states toward securing favorable legislation on the arid land question. The definite purpose of the conference is to secure from the congress a law recommended to congress for passage so that the arid lands of the west may be reclaimed and be made serviceable to the people to the highest degree.

A proposition to amend the constitution to lease the arid tracts to cattle-growers and others, but the general opinion among western men, notably the declaration of the National Livestock convention, is that the government should own the land, and that the proceeds of sales or leases shall go toward the construction of reservoirs and irrigation projects for the reclamation of all such lands.

Just what plan the conference will agree to cannot be foretold. The conference will probably be in session no longer than during Wednesday, but during the stay of the visiting governors in this city Governor Wells will provide suitable entertainment for them.
